# CCM media Update

## Dear Friends & Prayer Partners,

As we experienced Easter only recently, we wish you a good after-time, more rest and meditation on how risen our Saviour, Jesus Christ, is impacting our lives. This can energize us for the next weeks and months! He is our hope, peace and gives us a sense of direction.

We pray a lot about the next strategic steps we should take in our ministry. We see so much blessing and progress but still have a feeling there is more that could/should be done to better meet needs of the person in the street.

## Great new content

On a content side we are preparing new tools to support a regular abiding in the spiritual realm by reading daily devotions, an excellent book by Dr Kinlaw “**This Day With The Master**”, being released, first, in the form of a **phone app**, then

as an **e-book** and, finally, as a regular, **paperback**.

We sense a need for “open-ended” material that could stimulate our thousands of new believers in their daily relationship with the Lord and His Word. The book is already translated, now in proof-reading.

In the same area, we are totally revamping our **resources web page**, which will be renamed **media.szukajacBoga.pl**. A phone application is also being prepared that will give free, direct access to thousands of our sound files, videos and written material.

Then (also in the pipe-line) we want to translate a program named ‘**go-tandem**’, an application with a bible text for every day, intelligently selected for every user, according to his self-defined, spiritual profile. It is a part of the Jesus.net platform.

## Support center

Our Wisla service center (which supports all the international activity of the whole Jesus.net movement) is working full speed to set up all the new domains, prepare new instances for discipleship programs on the Codex platform, also front-end web pages hosting (that are opening relationships with seekers). The number of challenges is huge, but by God’s grace, there are no disturbances to the final users. Thank you for your prayers! Recently, a new, strategic addition was added to the system – “French” methodology that makes the user experience even better. It adds another person to the seeker – e-coach relation, an e-Friend who is a friend of a seeker who can stimulate the commitment.

## BGEA partnership

We are also officially partnering with the Billy Graham Evangelistic Association by sharing our technology for e-learning processes. They have such massive traffic in their ministry, thousands of people in training every day, so it is a good test to our system. We pray the

Kingdom work will continue to grow.

There are also numerous other Christian organizations who are interested in adopting our technology, nevertheless, we would prefer to channel everything to our Codex platform as it gives partners much more than just technology: 21st century methodology, proven strategy, training, community, global context.

### Special anniversary!

On April 19 we plan a special anniversary event – 40 years of starting our Christian Music Band DEOdecyma (10 for God) that has triggered our ministry.

DEOdecyma - it all started here!

We plan a reunion with many of our friends who were/are involved in various stages, we expect 200+ friends. Our band is to give a mini recital, quite challenging as we have not sung together

First session in new studio - 1986

for 25 years! :). But there is so much to thank the Lord for! Our hearts are overwhelmed with God's graciousness and thankfulness to our Lord for His guidance. I wish every-one of you could be with us! But we shall have, I believe, also a streaming from the event with a translation into English, so if you would like to be included, just drop me a line at [hkrol@ccm.pl](mailto:hkrol@ccm.pl).

Well friends, God is at work and what He is doing is marvelous in our eyes. Thank you for staying with us, encouraging and praying. It makes a major difference!

Henryk and team.

What is the meaning of dreams? Recently I've dreamed  
about Jesus. He looked at me with smile and we went  
together towards beautiful light, even hard to describe...  
This light was full of love.. When I woke up I was filled  
with love...
