Update

The promises of God from the past are still valid in 2015!

This is why we look into the future with joy, full of expectations and hope, not based on our own abilities but totally on “cooperating with God Almighty” when He makes His things His way. What a privilege it is to be called into a daily walk with our Saviour!

2014 is already a history. Another milestone for which to thank the Lord. As you are participating in our ministry, you may be as thrilled as we are to see even visible, measurable outputs and outcomes being

bigger than in previous years. WOW! Even December statistics are very positive (you’ll see them later in this UPDATE), highest in 2014, not even including two new “Access” web pages for new contacts, “My Hope” and “I do not know what to think about it”. Praise God!!

But we already look to 2015, with many plans, ideas and even dreams. Well, we want to stay realistic and work hard to do what is possible for us and then wait God’s multiplication and acceleration when He does the real work of touching people’s hearts and opening their eyes!

Already for January 6th we had our Outback Reunion. It is a public holiday in Poland, the “Day of the three kings” (wise men). Many Outback volunteers and guests joined together for a day of testimonies, encouragement and fellowship; it is a real family now!

On this same date, in Katowice, our good friend, one of the mentors of our Internet movement, a leader of Catholic revival movement “Life and Light” Adam Wodarczyk was promoted to become a bishop. This will open even more opportunities for us to offer people help in their spiritual growth. We sense the Lord is

Outback Agape Reunion - great to see their faces again - people that experienced Outback in 2014

preparing even bigger things beyond anything we have dared to imagine.

Our software team took over the responsibility of providing a service center for the entire Jesus.net movement, available in some 27 languages. There is a lot of work involved as there is a plan to transfer all other web pages, on top of Codex by Gele platform into this same place. They were written in other systems and versions, so unifying them will keep a number of people extremely busy.

As the Jesus.net movement matures, there is a need of full clarity and transparency of governance. Together with the Board, we are working on preparing such a simple document that will define governance and procedures, so that we could look to future expansion well prepared. Again, it is a lot of work.

The great news is we have received from one major US foundation a decision about a substantial gift for our work. Part of the arrangement is that we are to find a new, first time donor who will provide us with \$75.000 (or part of it, in \$5.000 installments). So, we have started to pray for it, please, join your prayers with ours.

Plans

What do we plan to do besides that? Well,

- A new multimedia resource center with intuitive user interface.

- New daily readings, on-line material based on the excellent Denis F. Kinlaw book "This day with the Master".
- DVD series "Does God Exist" with on-line follow-up.
- David Robertson book translated into Polish "The Dawkins Letters".
- New version of on-line GROW discipleship training, based on ILI course.
- Massive acceleration of My story – testimonial portal.
- New on-line courses on finances and leadership.
- Updates and upgrades of all present web pages/courses.
- New system of evaluating effectiveness of tools used on Codex by Gele platform.
- New e-mailing system.
- New chat system.
- New phone-in, phone-out system.
- Last (but a key component), constant development of Codex by the Gele platform, adding new functionalities and improvements.
- Plus and all the off-line activities growing with their own speed.

Well friends, God is at work and what He is doing is marvelous in our eyes. Thank you for staying with us, encouraging and praying. It makes a major difference!

Henryk and team.

Thank You LORD

3. Special blessing for Jan Willem Bosman, director of Jesus.net movement as he looks for best models for governing this incredible worldwide ministry.
4. Continuing development of Gele/Codex platform for discipleship and growth; adding more countries to the platform (now four).
5. God's guidance as I am in talks with some friends in International foundations about their support.

Letters

A random selection of messages received during December 2014

Good evening, I need help. After death of my husband I have a very difficult time in my life. I have a lot of questions and doubts ... I would like to talk to you. I am a Catholic, I am 48 now. In my past I was involved in addictions and dramatic stories. I received from the Lord the grace of healing from alcoholism, as well as with agoraphobia. Today, I ask myself a lot of questions. Ashamed to admit but I do not know the Bible, I wish to have someone help me understand the words of the Lord. I constantly think whether my husband's soul is redeemed, whether it is with the Lord? I miss him, because it was a very good man. Thank you in advance for any help.

What does it mean, that from now on Jesus is to guide my life? How to do it?

I'm looking for fellowship for working people without families. Can you help?
Woman 25-34

As I listen to all these testimonies, I really don't know why you people are so stupid. I am looking for God for many years, and have never been able to find him and I am already in such a state that I will soon go crazy and commit suicide. They say that God is such a nice, cool and good for everyone...
